**GREEN INDEPENDENCE DAY - 2019**

The unfurling of Tiranga infuses love for our motherland in each heart. A desire to serve the country, a desire to express our patriotism and a desire to protect and nurture Mother Earth.

Keeping this in mind, our school had conceptualized a Green Independence Day Celebration this year.

All the classes whole heartedly participated in the 'Vande Mataram Flag Making Competition' where they attached Marigold seeds behind every flag to be sown later on. This ensured their responsibility, awareness and sensitivity towards the environment. The best section from each class was felicitated.
