**Advisory to Parents for Prevention of Dengue**

Dear Parents,

Every year during the monsoons, we are faced with an outbreak of Dengue/ Chikungunya. Keeping this in view, our school has been working towards keeping the school premises free of mosquitoes. Regular fogging is being done in all the classrooms and in the school campus.

Parents are therefore advised to note the following:

- Please send your ward to school in full sleeved uniform (shirt and trousers)
- Civil shirts and trousers/ jeans will not be permitted
- Mosquito repellent may be applied before coming to school
